Workplace Training Consultant

Designing learning for organizations, small business and entrepreneurs.

Throughout 20+ years working in Learning and Development, the consistent theme has been how to design learning that is effective, yet cost effective, implementable and easy to use. I have delivered training programs for Fortune 500 companies, employee development programs, and training for small business.

Creating Custom Workshops For Business

Whether your needs are for a single person or an entire organization, I can create training programs that are customized to your needs. I can provide updates on training delivery, content, and delivery methods to ensure that you achieve the results you are looking for.
